WORK HISTORY

Jr. Quality Assurance Tester 2017 Bohemia Interactive, Prague	September 2016 – February
---	---------------------------

My role at Bohemia Interactive was to provide quality assurance on multiple known titles such as ARMA III, Day-Z or ARMA: Cold War Assault. I have acquired experience into the working of a game design company as well as many personal traits such as attention to detail and punctuality.

Professional Translator for NGO 2020 Czechitas, Prague	February 2017 – November
--	--------------------------

I have spent over three years translating the majority of documentation, website content and legal papers for a non-governmental organization training and preparing women for IT positions. I have gained an insight on how to effectively process a large amount of information and translate from Czech to English.
